RE: Routing Guide Alert Carrier Changes

Dear NORDSTROM Vendor,

Nordstrom has two LTL carriers which replaced the former routing via Consolidated Freightways:

- **Yellow Transportation - SCAC: YFSY**
- **FedEx Freight West - SCAC: FXFW**

All carrier changes to our Nordstrom Supplier Compliance Manual were effective on September 30, 2002. The above changes **do not pertain to any Nordstrom consolidation programs: Gilbert East, Norcon and CTE.**

Yellow Transportation (SCAC: YFSY) will be providing national LTL Standard Ground and Exact Express services for all states *not* listed below. - www.myyellow.com

FedEx Freight West (SCAC: FXFW) (formerly Viking Freight) will be providing services for Nordstrom on shipments originating and delivering only within these 9 West coast states: WA, OR, ID, MT, NV, UT, WY, CO and NM - www.fedexfreight.fedex.com.

In addition - other carrier changes have been made:

- **Red Star** has been assigned as the pickup carrier for the state of **Pennsylvania** (excluding PA - Metro).
- **CTE** is now the assigned carrier for the state of **Arizona**.

Please visit our web site www.nordstromsupplier.com and **view all of the updates** to our Supplier Compliance Manual online. Refer to the Routing Guide sections:

- **Your origin SHIPPING STATE PAGE**
- **Carrier Pages**

Failure to make the appropriate carrier changes within 60 days (no later than November 25, 2002) may result in freight chargebacks or the reversal of the carrier's "collect" charges back to the shipper.

Questions regarding this alert may be addressed via email to traffic@nordstrom.com.

Sincerely,

NORDSTROM CORPORATE LOGISTICS DEPARTMENT
NORDSTROM, INC.
